

WEC Search Plan

This plan is to be actuated in the event that a “Lost” person from site cannot be contacted and yet there is evidence that they are on site during the hours of darkness or a period that may lead into hours of darkness. Until this process is actuated the Searcher should not leave the confine of their locked car.

1. Make telephone contact with Police 07 858 6200 detail the reasons for the call and obtain an event number. Follow any guidelines given, advise, if required, of our Search Plan.
2. Make telephone contact with a “controller” a person who will remain on the line whilst a preliminary search is carried out. This search is to be of areas the “Lost” would normally have gone.
3. If the “Lost” is found assess the situation and record event for upload to App. Take necessary actions. Advise Police of situation.
4. If “Lost” is not found contact return to car, lock, make arrangements for a search party to attend on site, or contact Police for assistance or guidance.
